

COSA ASM Pre-conference Workshop
Health Technology Assessment in Oncology:
Challenges & Opportunities

Monday 12 November 2018
Perth Convention and Exhibition Centre

The workshop will give an overview about the principles and role of health technology assessment and economic evaluation in assessing value for money of new technologies in oncology. The speakers will highlight the challenges associated with these assessments from the perspective of various stakeholders including clients, clinicians, decision makers and industry. Opportunities to improve current processes will be discussed, including the value of real-world evidence. The workshop will be of interest to clinicians, policy makers, epidemiologists, health economists, analysts and researchers.

Chair: Paul Scuffham
